VAL Family

VAL is our brand new cylinder family including three aperture sizes for endless applications. VAL features built-in drivers with 3-in-1 dimming technology, twist-lock installation mechanism, best-in-class light quality, aesthetic proportions and many more. VAL is designed to integrate with architectural space with clean and distinct outline that complement architectural aspiration.

LTE 55 AJ

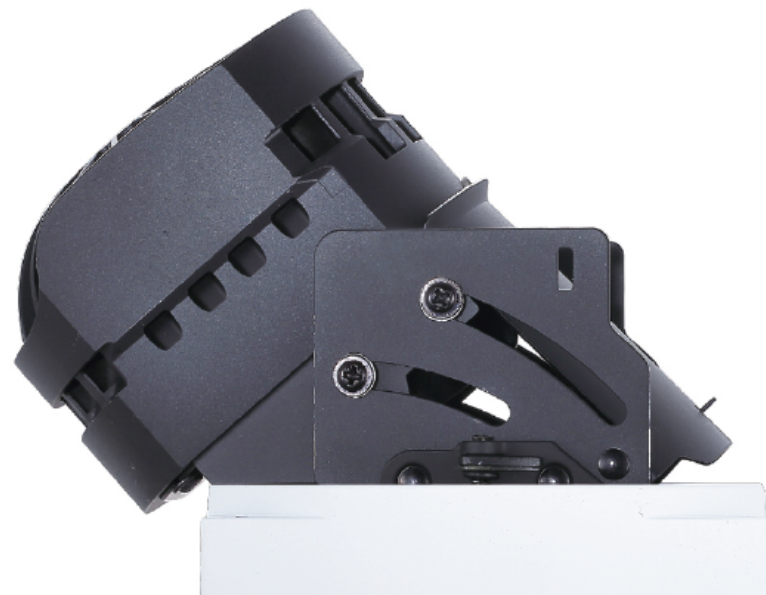

LTE 55 AJ challenges the physical laws of light and structures and presents an unequalled adjustable accent lighting solution.

It features sophisticated adjustable mechanism up to 30 degrees vertical tilt, elegant minimal aesthetics, regressed LED source, and exceptional optical lens in a 50 mm optical aperture to deliver best-in-class lighting experience and effect while maintaining an architectural appeal.

LTE 100 HO

LTE 100 HO is a high-performance recessed lighting family including downlight, adjustable, and wall wash. It delivers up to 2200 lm in a 90 mm aperture. It features a comprehensive collections of trims, optics, accessories, and installation types making it suitable for any high-ceiling architectural applications.

Specter X XICATO

Specter is a family of professional track fixtures that features in-track drivers designed and manufactured by MACRON. This year, we partner with XICATO to integrate Bluetooth 5.0 technology into our Specter family to leverage IoT capability and control automation. Specter is a perfect solution for retail and commercial applications.

XICATO® Controls

Specter Magnet

In partnership with A.A.G. Stucchi, Specter Magnet is a collection of 48Vdc magnetic track luminaires that are 1-10V or DALI dimmable. Specter Magnet family features spotlights, such as VAL 55 CY SM and Stick 1 SM, that are designed with well-defined details and crisp aesthetics to complement the modish architectural aspirations.
